This directory remains the property of the Baldwin Directory Company, Inc., and is leased to subscriber for a period of two years or until the next edition of the directory is published. This directory is leased for use of only one subscriber unless different arrangements are made with publisher. Directory must be returned to publisher at the expiration of the lease.

Compiled and Published By

Baldwin Directory Company, Inc.

Home Office:

125 MEETING STREET, CHARLESTON, 5, SOUTH CAROLINA

Independent and Progressive

Baldwin Directory Company, Inc., publishers of this city directory and the world's largest independent publishers of city directories, is in no way connected with any national association or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used 30 years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

BALDWIN DIRECTORY COMPANY, INC.

1947 POPULATION

For

Albemarle, N. C.

13,975

This population secured by an actual count of persons residing
in the territory covered by a House-to-House Can-
vass under Baldwin's Modern ABCD plan.

INTRODUCTION

Baldwin Directory Company, Inc., publishers of your city directory, takes pleasure in presenting the 1947 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of your community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world, with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions, the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory** contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide and Civic Section** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents or distributors.

6. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory:

Number of dependents under sixteen;

Designation of home ownership;

Nationally Advertised Brands;

Numerical Telephone Directory;

Telephone Numbers on Street Guide.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke—they established a guaranteed home circulation for advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin Directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

BALDWIN DIRECTORY CO., INC.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L).

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

The ® both in the resident directory and the householders' directory designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, "h" denoting a householder or head of the family, "r" denoting people in the home.

Married women, engaged in home other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers' Directory.

Colored is shown by a ©. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

The Rural Route Directory will be found in back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number, with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The ® denotes householders who own the house in which they live. By using the street guide as a mailing list, a thorough coverage of the city will be obtained without any duplication of names.

The buyers' guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

BALDWIN DIRECTORY COMPANY, Inc.

ALBEMARLE, NORTH CAROLINA

STANLY COUNTY

"14,000 FRIENDLY PEOPLE"

Albemarle, is the county seat of Stanly County, formed in 1841 and named for John Stanly of New Bern, several times speaker of the House of Commons, Albemarle was named for the first "county" created wholly in North Carolina (1663) which had been named for the Duke of Albemarle, one of the first "Lords Proprietors of the Carolina." "Everybody Likes Albemarle" has been adopted as the official slogan of the city.

Lying in the Piedmont section of North Carolina, Albemarle and Stanly County combine diversified industry and diversified agriculture so that the population is never entirely dependent on one industry or one crop.

Albemarle High School Gymnasium

Albemarle is a city of home owners and Stanly County is a county of farm owners. With a citizenship of the caliber which home and farm ownership indicates, it is easy to understand why Albemarle and Stanly County are such desirable places in which to live or establish a business.

Aside from the advantages of diversification many other reasons add to Albemarle's desirability. It is located in the ideal climate prevailing in Piedmont North Carolina. The summers are not excessively hot and

winters so mild that snow is seldom seen. Rainfall totals approximately fifty inches annually, which is sufficient to produce crops, vegetables and flowers in abundance.

INDUSTRIAL POSSIBILITIES

Albemarle and Stanly County have more industrial potentialities than any other section of the Piedmont. At the present time there are some thirty odd textile units in this section, running some two hundred fifty thousand spindles and employing forty-two hundred persons; hosiery mills both large and small, one upholstery plant, two furniture plants, one store fixture plant, one sheet metal fabrication plant, two large lumber plants, one large flour mill, a feed plant, the largest stone and marble works in the state, a milk receiving plant and many industries.

Sites for industrial plants, many of them on railroad sidings, are available at reasonable prices, and some concessions of various kinds may be secured for manufacturers who expect to employ labor.

The town and county governments have always been eminently fair to industry in Stanly County and since this attitude of fairness is one of the qualities of our citizenship, industry need have no fear of future governing bodies.

Power is available at reasonable rates. Albemarle has a municipal distributing plant and power is purchased from the Duke Power Company. Seven miles from Albemarle, on the Yadkin River at Badin, are two power dams which supply the power used in the operation of the Carolina Aluminum Company, largest single unit aluminum plant in the world. At Norwood, eleven miles south of Albemarle, the Carolina Power and Light Company has a power dam and there is another dam at High Rock in Davidson County, just north of Stanly County. Approximately 30 per cent of the hydro-electric power generated in North Carolina is generated on the Yadkin river, a short distance from Albemarle. Unlimited power at reasonable rates is always available to manufacturers.

INDUSTRIAL STATISTICS

Stanly County has approximately 2,700 farmers. It has 261,000 acres of farm land with 96,000 acres in crop land. The County is made up largely of small landowners who live on and operate their own farms. We have only about thirty-five per cent tenancy in the county. The topography ranges from level, gently rolling, or rolling to steep, hilly and mountainous. The soils of the county are adapted to the growing of most any crop. It is well suited for the growing of fruit. Several orchards are already established in the county.

Approximately 50,000 acres are grown to lespedeza for hay and soil building purposed each year. Two-thirds of the total crop land in the county is seeded to crops that are non-depleting in soil fertility.

Stanly County is recognized as one of the best diversified counties in the state. The acreage to crops grown are as follows:

Lespedeza, first year, 37,000; second year, 17,000; Wheat, 27,000; Corn, 21,000; Oats, 15,000; Cotton, 5,898.

Livestock: Milk cows, 6,230; Hens, 90,000; Brood Sows, 705; Turkeys, 2,500.

The establishment of the Carnation Milk Company's Receiving Station in Albemarle in the fall of 1939 made available a market for all the whole milk that can be produced in the county. A large number of farmers are taking advantage of this market and are adding additional income to their farms through the sale of milk. The increased number of pure-bred dairy cattle and dairy bulls placed in the county each year indicates growing interest in dairying.

Albemarle High School

Recently the Stanly Dairies has been established in Albemarle which helps supply Grade "A" milk to the town of Albemarle and small towns in the county. A number of Grade "A" dairymen of the county furnish milk to this plant to be distributed to the consumers.

Poultry production is recognized as one of our leading sources of cash income. Approximately 90,000 laying hens are now in the farms of the county, with rapid improvement being made from year to year in the care and management of poultry.

Stanly County ranks about sixth in the state for the total number of tractors, with over 700 farm tractors now in use.

There are approximately 6,000 miles of rural electric lines in the county giving service to 1,800 farm families.

MUNICIPAL FACILITIES

Ninety-five per cent of Albemarle's streets are paved with concrete or tar and gravel.

The water system, which is owned and operated by the city, has a capacity of one and one quarter million gallons per day, however, the present average consumption is approximately three-quarter of a million gallons per day. Beautiful Long Creek reservoir is the source of supply and the water is given a very high rating by the State Board of Health.

A new sewage disposal plant and incinerator has just been completed.

A well trained and equipped Fire Department is housed with a new City Hall building.

Albemarle's electric and water rates to consumers are lower than the average. The profit from the sales of water and power makes it possible to operate the municipality without levying any taxes except for debt service.

MORROW MOUNTAIN STATE PARK

Seven miles east of Albemarle in the Uwharrie Mountains is located Morrow Mountain State Park. It contains 4,100 acres of forested lands and includes eight separate peaks. Much of the park is virgin territory. It boasts a swimming pool which will accommodate 450 swimmers, adjacent wading pool, bath houses, picnic shelters, fireplaces, cabin grills, trails, and an Administration building complete with assembly room, dining room, soda shop and kitchen. Offering mountain scenery to the nearby cities of the Piedmont plateau, it draws thousands of visitors to Albemarle each year.

CITY STATISTICS

Form of Government—Mayor and five Aldermen.

Population—13,975.

Climate—Mean temperature 60.8, Altitude 700 feet.

Average annual rainfall—53 inches.

Assessed Valuation—Albemarle \$6,000,000.00, Stanly County \$29,000,000.

Civic groups—Rotary and Lion Clubs, Jr. Chamber of Commerce, Jaycettes, Chamber of Commerce and Merchants' Association.

Financial Institutions—Two Banks, two Building & Loan Associations and one loan company.

Postal Receipts—1945: \$71,533.70.

Telephone—1946: 16,040.

Churches—17 of all denominations.
Newspapers—One, circulation 7,050.
Hotels—Two.
Hospitals—Two. (150 bed general hospital in process of being built.)
Railroads—Two.

Two Views of Morrow Mt. State Park Swimming Pool

Electric Consumers—1946, 3,406 meters: nearly 30 per cent of State's hydro-electric power generated nearby.

Highways—Three: Numbers 52, 73, and 27.

Bus lines—Twenty-six buses each day. Also municipal bus lines.

Trading Area—Over 600,000 within 50 miles. Over 2,000,000 within a hundred miles.

Education—Four elementary schools and one High School, Junior College nearby.

Sports—Two golf and one tennis club, two swimming pools, library—new stone building housing 13,500 volumes.

Amusements—Three modern theaters, one bowling alley, and a modern ball park.

Races—88.0 per cent native white, 0.1 per cent foreign born, 11.9 per cent negro. Negro population lives in an adjoining town Kingville

Location—Forty miles northeast of Charlotte, 30 miles south of Salisbury, 50 miles west of Pinehurst and 119 miles from Raleigh, the State capital.

For further information write Albemarle Chamber of Commerce, Albemarle, North Carolina.

Resident Directory

1946-47

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age residing in this city and environs.

The publishers wish to express their appreciation to the business and professional establishments for the splendid cooperation and valuable assistance given them in preparation of this volume.

A list of abbreviations in this directory will be found on the following page and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

Number of dependents under 16 is indicated after name

PUBLISHED BY BALDWIN DIRECTORY CO., INC.
Charleston, S. C.
